

Palliative Care CNS

Regional Network

You are all invited to join our new network for Palliative Care CNS's across Yorkshire (including hospital, hospice and community teams), where we plan to meet 4 times a year for an informal discussion about issues affecting palliative care. These will be relaxed, supportive sessions, giving us a chance to come together and share experiences, challenges and to learn from each other.

We would love as many of you as possible to join our first session on...

30/10/25

9.30 – 10.30

Virtually via Teams

Topic: Assisted Dying with a short presentation from Palliative Lead Nurse Victoria Ali

If you have any questions or would like to attend the meeting, please email

cnsregnetwork@bthft.nhs.uk
